

Call for Papers

Future Trends and Emerging Technologies
London, Ontario • April 26-29, 2020

The 32nd Canadian Conference on Electrical and Computer Engineering (CCECE 2020) will be held in London, Ontario, Canada on April 26-29, 2020 at the London Convention Centre. CCECE is the flagship conference where researchers, students, and professionals in the area of Electrical and Computer Engineering meet annually in a Canadian city to get up to speed with the latest developments, foray into new fields and emerging topics, network with colleagues to strengthen partnerships and foster new collaborations. Papers are solicited in the following tracks:

- **Future Trends and Emerging Technologies (Work in Progress)**

The emerging technologies track offers the opportunity for publication of work by industry and academia in emerging topics relevant to ECE but not covered by other tracks. All submissions to this track should emphasize the novelty of the work and the preliminary results obtained. This track accepts 2- 4 pages IEEE Conference Format.
